

Laparoscopic Subtotal Hysterectomy Workshop

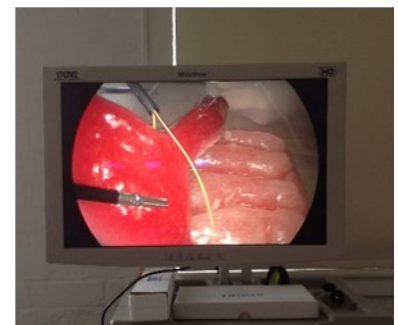

Aimed at senior O&G trainees, consultants and associate specialists, this course will focus on the practical aspects of laparoscopic subtotal hysterectomy. In addition to the key steps of the procedure, the faculty will also discuss patient selection, management and the current controversies related to undiagnosed uterine cancer.

Experienced faculty from the region will include:
 Russ Luker, Consultant Obs & Gynae, RUH Bath and
 Ben Peyton-Jones, Consultant Obs & Gynae, RD&E Hospital
